BASKETBALL**

Co-ed camp

Co-ed for age 4 thru kindergarten (summer) and age 4 thru 1st grade (winter), this camp is set in a fun, energetic and mistake friendly environment! We will focus on introducing kids to basketball, building motor skills like balance and coordination, and help develop listening skills and working together. To assure these young athletes learn proper form we've developed 4-1/2' and 6' high hoops with mini sized balls.
